

# Regional Transportation Plan Update

## Project Background

The Corvallis Area Metropolitan Planning Organization (CAMPO) is currently in the process of updating the Regional Transportation Plan (RTP). The purpose of the RTP is to identify how the Corvallis Metropolitan Area will meet the needs of the transportation system over a 20-year planning horizon. The RTP contains projects and policies to guide the development of a multi-modal transportation system (including transit, highway, bicycle, pedestrian, and accessible transportation) which meets the region's economic, transportation, development and sustainability goals, while remaining fiscally constrained.

Development and adoption of an RTP is required to ensure that the Corvallis Metropolitan Area remains eligible to receive federal transportation funding. Federal requirements specify that the RTP must be updated every five years. The CAMPO RTP was last updated in March of 2017 which means the current update must be completed by March 2022.

## How to Get Involved

We want to hear from community partners and the general public during the RTP update process. Here are several ways to get involved:

- Take the RTP goals survey before August 10 (see [CAMPO website](#) for survey link)
- Subscribe to the CAMPO email list for RTP news and updates by emailing [sdobrinich@ocwcog.org](mailto:sdobrinich@ocwcog.org)
- Follow along with the project by checking for updates on the CAMPO website
- Watch videos from past open house events posted on the CAMPO website
- Attend an upcoming open house or community engagement event (details will be posted on the CAMPO website)
- Reach out directly to CAMPO staff with comments or questions
